**ANNUAL
REPORT**

2021

MESSAGE FROM THE CHAIRMAN AND MANAGING DIRECTOR

Dear Shareholders,

It gives us pleasure to present to you your Company's Annual Report for the FY 2021-22.

It gives me great pleasure to address you all as we collectively continue to navigate through the challenges posed by the pandemic. We express our gratitude to all those with whose support India managed to quickly return to the growth path.

As we celebrate "Azadi Ka Amrit Mahotsav" this year, we continue to be proud of our nation's past achievements and remain confident of advancing further on the path of progress.

The Indian economy sharply bounced back in FY 2021-22, with robust GDP growth of 8.7% after 6.6% contraction reported in the previous year due to restrictions and lockdowns imposed by the Government to control the spread of COVID-19 pandemic.

Government expenditure and domestic spending has supported the economy, complemented by a long-term focused growth-oriented budget. The initiatives undertaken by the Government in the recent past, such as the commodity-intensive National Infrastructure Pipeline (NIP) and Production Linked Incentive (PLI) scheme to boost local manufacturing, will play a big role in making India a manufacturing hub for global majors. This is encouraging, and such bold and scalable programmes are instrumental in realising the vision of a self-reliant India.

FINANCIAL AND OPERATIONAL PERFORMANCE

Our Company revenue from operations rose by 14% at Rs 9183.85 Lacs compared to Rs 8055.76 Lacs in FY 2021-22. The Profit Before Tax (PBT) and Profit After Tax (PAT) for the year 2021-22 were Rs 202.95 Lacs and Rs 152.15 Lacs respectively, as against Rs 146.67 Lacs and Rs 101.03 respectively during the previous year ended 31 March, 2021. With the improvement of economic conditions in these markets, we anticipate further increase in sales volume and profitability in the near future.

OPERATIONAL REVIEW

We are happy to inform you that recently the Company has bagged an order worth of Rs 11.58 Cr from Rourkela Steel Plant and Rs 26.00 Cr from Zarman Poland for supply of Coke Oven Doors.

As on 31st March, 2022, the Company has pending order worth of Rs 96.15 Cr.

THE ROAD AHEAD

Looking ahead, we will continue the next phase of our growth journey by strengthening the quality of customer engagement, sharpening existing strong procurement and logistics practices, enhancing safety and sustainability efforts and nurturing a progressive work culture.

Recent unfortunate geopolitical developments in Europe are directly and indirectly impacting the global economy which withstood the COVID-19 challenges to a greater extent. We are optimistic, yet cautious in managing associated risks, which are too early to predict.

Your directors and we thank our shareholders and other stakeholders – employees, customers, partners, bankers and Government Agencies – for their continued trust and support. We remain committed in acting as trustee to create long-term value for all our stakeholders.

With Best Wishes

4. Since the AGM will be held through VC / OAVM, the Route Map is not annexed to this Notice.
5. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
6. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
8. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM along with Annual Report for the

Financial year ended 31st March, 2022 is available on the website of the Company at www.simplexcastings.com, on the website of the Stock Exchange i.e. BSE Limited at www.bseindia.com and on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

9. Members of the Company under the category of Institutional Investors are requested to attend and vote at the AGM through VC. Corporate Members/ Institutional Investors intending to appoint their authorized representatives pursuant to Section 113 of the Act, to attend the AGM through VC or OAVM or to vote through remote e-voting are requested to send a certified copy of the Board Resolution to the Scrutinizer by e-mail at cscmameena@gmail.com.
10. The Register of Members and Share Transfer Books of the Company will be closed from 24th September, 2022 to 30th September, 2022 (both days inclusive) for the purpose of the Annual General Meeting for the year ended 31st March, 2022.
11. AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 08, 2020, MCA Circular No. 17/2020 dated April 13, 2020, MCA Circular No. 20/2020 dated May 05, 2020, MCA Circular No. 2/2021 dated January 13, 2021 and MCA Circular No. 03/2022 dated May 05, 2022. The Notice of AGM is being sent only in electronic mode to those members whose e-mail addresses are registered with the Company/ RTA or the Depository Participant(s) as on 26th August, 2022. A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and shareholders as on Cut-off date i.e. 23rd September, 2022, shall be entitled to exercise his/her vote electronically i.e. remote e-voting or e-voting system on the date of the AGM by following the procedure mentioned in **Annexure-B**.
12. CS Meena Naidu, Practicing Company Secretary (CP No. 23853 & Membership No. A28193) Meena Naidu & Associates has been appointed as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner.
13. The Scrutinizer shall within a stipulated period from the conclusion of the e-voting period unblock the votes in the presence of at least two (2) witnesses not in the employment of the Company and make a Scrutinizer's Report of the votes cast in favour or against, if any, forthwith to the Chairman of the Company.
14. The Results shall be declared on or after the AGM of the Company. The Results declared along with the Scrutinizers Report shall be placed on the Company's website www.simplexcastings.com and on the website of CDSL within two working days from the conclusion of AGM of the Company and communicated to the Stock Exchange (BSE).
15. The Explanatory Statement pursuant to section 102 of the Companies Act, 2013 is annexed hereto.
16. In accordance with the above mentioned MCA General Circulars and SEBI Circulars, in view of the prevailing situation and owing to the difficulties involved in dispatching physical copies of the Financial Statements (including Board's Report, Auditor's Report or other documents required to be attached therewith) for the Financial Year ended 31st March, 2022 pursuant to section 136 of the Act and Notice calling the AGM pursuant to section 101 of the Act read with the Rules framed thereunder, such statements including the Notice of AGM are being sent only in electronic mode to those Members whose e-mail addresses are registered with the Company/ RTA or the Depository Participant(s). The Company will not be dispatching physical copies of such statements and Notice of AGM to any Member. Members are requested to register/update their email addresses, in respect of electronic holdings with the Depository through the concerned Depository Participants and in respect of physical holdings with RTA by following due procedure. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, a copy of the Notice of this AGM along with Annual Report for the Financial Year 2021-2022 is available on the website of the Company at www.simplexcastings.com website of the Stock Exchanges where the shares of the Company is listed i.e. BSE Limited at www.bseindia.com and the AGM Notice is also available on the website of CDSL (agency for providing the e-voting facility) i.e. www.evotingindia.com.
17. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the Securities Market. Members holding shares in electronic form are therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. I THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 27th September, 2022 (9 A.M IST) and ends on 29th September, 2022 (5 P.M IST). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 23rd September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- Pioneer to bring advance Japanese Technology for Sinter Plant in India for SAIL - Bhilai Steel Plant for complete Sinter Plant -III, executed on Turnkey basis in consortium with Mitsui / Kawasaki & Hitachi Zosen of Japan.
- Pioneer to install on turnkey basis, Mini Blast Furnace of 350 Cubs. Mt for Southern Iron Steel Company at Salem (India) with Chinese Technology.
- Pioneer to Design, engineering and supply of equipment for hot rolling stackle mill, executed for Salem Steel Plant as per SMS / Germany's design.
- Pioneer in manufacturing undercarriage (bogie) for Railway Locomotives.
- Pioneer in manufacturing Sucker rod pumping units for Oil & Gas, for ONGC, India

ECONOMY OVERVIEW

GLOBAL ECONOMY

The geopolitical crisis unfolded while the global economy was on a recovery path from the Covid-19 pandemic, with a significant divergence between the economic recoveries of advanced economies, emerging market and developing ones. Recent International Monetary Fund (IMF) Report projects global growth at 3.6% in 2022 and 2023, 0.8% and 0.2% lower than the January forecast, respectively. During the last two years of the pandemic, the global economy continues to be plagued by uncertainty, with resurgent waves of mutant variants, supply chain disruptions and a return of inflation in both advanced and emerging economies.

INDIAN ECONOMY

India shone as the shining star in the global economic landscape as it emerged as the fastest growing major economy in the world. From a GDP contraction of 6.6% in FY21, India rebounded sharply to register an 8.9% growth in its GDP in FY22. This was primarily owing to the government thrust on vaccination and ensuring adequate availability of vaccines, financial support by the government, waning of the fear from the pandemic, opening up of trades and services in most of the sectors. Economic resurgence was supported by all the sectors – the agriculture and allied sector grew by 3.9%, the industrial sector grew by 11.8% while the services sector upped by 8.2%.

Estimates suggested that exports will touch US\$670 billion in FY22, which will position the nation among the top-10 exporters globally in value terms. Despite this jump, India's mercantile trade deficit increased by 55% owing to high crude oil prices and a spike in prices of metals and other inputs. In addition, the inventory build-up by India Inc. to pre-empt supply-chain disruptions on account of the Ukraine war added to the deficit. New investment and ordering activity witnessed a healthy rise in FY22. New investment announcements by the private sector saw a 145-150% rise in FY22 as compared to FY21. This was owing to megaproject announcements, especially in the steel sector.

OUTLOOK

GLOBAL

The IMF has moderated its CY 2022 global economy growth forecast by 80 bps to 3.6 % from the estimated

4.4% growth forecast published in January 22 , due to the Russia-Ukraine Conflict, Inflation and monetary policy tightening and supply bottlenecks.

The global economy continues to face headwinds due to rising inflationary pressures and geopolitical tensions. Moreover, conflict between Russia and Ukraine has led to many countries announcing trade sanctions , thereby resulting in a reconfiguration of trade relations across the globe. Even as the aforementioned has led to uncertainty across financial and Commodity markets, it also provides newer avenues for many emerging economics to build trade relations. Besides better healthcare measures and more widespread vaccinations should help stabilize activity across economics.

INDIA

The headwinds notwithstanding ,India is likely to remain the fastest growing major economy , with the expansion of economic output pegged at 7.2%. Withdrawal of Covid -19 restrictions and normalization of the economy has led to a broad-based recovery across sectors. Most sectors , excluding services , are not at pre-COVID levels.

Infrastructure and manufacturing initiatives by the government are supportive of growth, and healthy tax collections provide the government with enhanced flexibility. Realignment of global supply chains will continue to provide opportunities to grow exports. Outlook for auto sales, especially Passenger Vehicles, remains healthy with the easing of the chip shortage, and the production of Medium and Heavy Commercial Vehicles is expected to be healthy, driven by infrastructure spending and mining. The real estate market remains strong despite rising interest rates. Healthy power consumption growth is expected to aid the addition of renewable energy capacities.

The vaccination programme having covered majority of the population, massive infrastructure spending, benefits of supply-side reforms, easing of regulations, robust exports and the availability of fiscal space to ramp up spending across several key sectors, provides a platform for witnessing higher economic growth. However, a prolonged Russia-Ukraine conflict, higher energy costs, elevated commodity prices resulting in

higher inflation and rate hikes by the Reserve Bank of India (RBI), will be dampeners to growth.

INDUSTRY STRUCTURE & DEVELOPMENT

Steel is a champion industry with growing domestic demand and an opportunity to leverage the space vacated by Russia and Ukraine in the global market through exports. India remained a net importer of steel for several years. However, starting 2017, fuelled by large-scale capex projects and the National Steel Policy, the country started contributing to the global steel markets more than ever, with nearly 18 MnT steel exported in FY 2021-22. India is now racing to build steel capacities that meet the domestic demand and at the same time can supply to the global markets. India is thus, on its path to becoming an integral part of the global supply chain. In response to PLI Scheme announced by Government of India for speciality steel products, the steel industry is geared up to create capacity in this space.

The Indian steel industry recorded crude steel production of 120.01 MnT in FY 2021-22, despite pandemic-induced disruptions in Q1 FY 2021-22. Led by a sharp recovery in demand in developed markets and production cuts in China, steel prices rose sharply in H1 FY 2021-22 in domestic as well as global markets. Prices moderated in Q3 FY 2021- 22 and have remained volatile following the start of the Russia-Ukraine crisis. Steel production showed a solid recovery and domestic finished steel consumption continued to grow. Finished steel consumption surpassed pre-pandemic levels and was supported by the government's improved infrastructure investments. Demand from the auto sector was temporarily weak, due to the semi-conductor shortage. However, the industry closed the year on a positive note and recorded 11% growth in finished steel consumption. Domestic finished steel production rose 18.1% y-o-y to touch 113.6 MnT. Finished steel consumption stood at 105.8 MnT, up 11.4% y-o-y, driven by the government's infrastructure spending and the resumption of projects stalled due to the pandemic.

INDIA STEEL EXPORTS AND IMPORTS

Exports

A swift recovery in demand from developed countries and fall in exports from traditional steel exporting countries contributed to growth in India's finished steel exports, which were up 25% y-o-y in FY 2021-22. Steel firms increased their share of exports leveraging the opportunity in export market while ensuring the availability of steel in the local market. Semis exports declined by 26% due to base effect as steel manufacturers exported slabs following the onset of the pandemic in India. Even though the export duty introduced in India is primarily to curb inflation, the steel mills in India would need to continue their exports of at least value-added steel, to retain their customers and also additional capacity is created over the year to meet export demand and this surplus cannot be absorbed in the domestic market in the short term.

Imports

Finished steel imports stood at 4.67 MnT in FY 2021-22 versus 4.75 MnT in FY 2020-21. The fall in imports is due to greater import substitution and development of comparable indigenous production lines in response to the government's call for building a self-reliant India. Imports are projected to decline even further as steel mills take advantage of the PLI scheme for specialty steel.

The details of top 10 steel producing nations are as follows:

(mn tonnes)			
Country	2022	2021	% Change
China	1033	1065	-3.00
India	118	100	17.7
Japan	96	83	15.7
Russia	76	72	6.1
United States	86	73	18.3
South Korea	71	67	5.2
Turkey	40	36	12.8
Germany	40	36	12.3
Brazil	36	31	16.1
Iran	29	29	-1.7

GOVERNMENT INITIATIVES FOR STEEL INDUSTRY

In addition to the capital outlays announced in Budget 2022-23, several large-scale infrastructure initiatives have also been unveiled, which carry the prospects of multi-year, multi-crore investments in creating national infrastructure. The PM Gati Shakti National Masterplan was launched in October 2021 with the aim of faster and synchronised execution of key projects covering roads, railways, airports, ports, mass transport, waterways and logistics infrastructure. The PLI scheme for solar module manufacturing will Fasttrack India's capabilities for manufacturing the necessary infrastructure indigenously, to meet the goal of 280 GW of installed solar capacity by 2030. The solar module manufacturing scheme carries an outlay of ₹19,500 crore.

OPPORTUNITIES & THREATS

The thrust on infrastructure development, road construction, coal production, power generation, housing policies is driving the demand for castings from the foundry industry. Besides, the Government's focus on manufacturing in India and other policies will also drive demand for castings. The Company is in a position to grab the opportunity in the years to come and confident to improvise the growth of turnover and profitability. The Company has necessary and well-equipped production facilities to reap the benefits of the growth opportunities.

The Economic demand slow down presents a real challenge to growing volumes. The inflation figures, and recent emerging developments across the world, like Corona virus has potential to de stabilize existing business model of the industry.

Automotive

The automotive industry is forecasted to grow in size by US\$ 74 billion in 2015 to US\$ 260-300 billion by 2026. With increasing capacity addition in the automotive industry, demand for steel from the sector is expected to be robust.

Capital Goods

The capital goods sector accounts for 11 per cent of steel consumption and expected to increase 14/15 per cent by 2025-26 and has the potential to increase in

tonnage and market share. Corporate India's capex is expected to grow and generate greater demand for steel.

Infrastructure

The infrastructure sector accounts for 9 per cent of steel consumption and expected to increase 11 per cent by 2025-26. Due to such a huge investment in infrastructure the demand for long steel products would increase in the years ahead.

Airport

More and more modern and private airports are expected to be set up. Development of Tier-II city airports would sustain consumption growth and estimated steel consumption in airport building is likely to grow more than 20 per cent over next few years.

Railways

The Dedicated Rail Freight Corridor (DRFC) network expansion would be enhanced in future. Gauge conversion, setting up of new lines and electrification would drive steel demand.

Oil and Gas

India's primary energy consumption of oil and gas is expected to increase to 10 mbpd and 14 bcfd, respectively, by 2040. This would lead to an increase in demand of steel tubes and pipes, providing a lucrative opportunity to the steel industry.

OPERATIONAL AND FINANCIAL PERFORMANCE

Our Company revenue from operations on Standalone basis rose by 14.00% at Rs 9183.85 Lacs compared to Rs 8055.76 Lacs in FY 2020-21. INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF **SIMPLEX CASTINGS LIMITED**

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **M/s SIMPLEX CASTINGS LIMITED (CIN: L27320MH1980PLC067459)** ("the Company") which comprises the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity & Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

1. Attention is drawn to Note No. 43 which refers to the write down in value of semi-finished goods manufactured for export to customer of Ukraine.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	How our audit addressed the Key Audit Matter
1	<p>VALUATION OF INVENTORIES:</p> <p>The net carrying value of inventory as on 31st March 2022 is 39.63% of total assets of the company.</p> <p>Inventories were considered as a key audit matter due to the size of the Balance sheet and because inventory valuation involves management judgement. According to financial statements accounting principles inventories are measured at the lower of cost or net realizable value. The company has segment and region-specific procedures for identifying risk for obsolescence and measuring inventories at the lower of cost or net realizable value.</p> <p>RELATED DISCLOSURES:</p> <p>Please refer to Note-2.3 (i) for details of the accounting policies of inventories and Note-11 of notes to financial statements for relevant disclosures of inventories.</p>	<p>Our Audit Procedure:</p> <p>To address the risk of material error on inventories, our audit procedures included amongst other:</p> <ul style="list-style-type: none"> Assessing the compliance of company's accounting policies over inventory with applicable IND AS. Assessing the effectiveness of key controls at the inventory storage location. Relying on the report of stock audit conducted during the year by external agencies appointed by lender banking institutions. Relying on the Physical verification conducted by management at the end of the year.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SIMPLEX CASTINGS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We were engaged to audit the internal financial controls over financial reporting of Simplex Castings Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on my/our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that Audit evidence we have obtained is sufficient and appropriate audit evidence to provide a basis for an audit opinion on internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on "Audit of Internal Financial Controls Over Financial Reporting" issued by the Institute of Chartered Accountants of India.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022****1. CORPORATE INFORMATION**

Simplex Castings Limited (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act. Its shares are listed on one stock exchanges in India. The company is mainly engaged in Manufacturing of SG Iron, Steel, Special Alloy Castings, C.I. Castings and Equipments.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

2. SIGNIFICANT ACCOUNTING POLICIES**2.1 BASIS OF PREPARATION AND PRESENTATION**

- i) The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2016 and guidelines issued by the Securities and Exchange Board of India (SEBI).
- ii) The standalone financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:
 - Certain financial assets and liabilities and
 - Defined benefit plans - plan assets
- iii) Company's financial statements are presented in Indian Rupees (INR), which is also its functional currency.

2.2 Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)

The company has assessed possible impact COVID-19 on its financial statements based on internal and external information available up to the date of approval of the financial results and concluded that no adjustment is required in these results. The company continues to monitor future economic conditions

2.3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**a) Current versus non-current classification**

The company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realised within twelve months after the reporting period; or
- cash or a cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets are classified as non-current.

A liability is current when it is:

- expected to be settled in normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The company has identified twelve months as its operating cycle.

b) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value.

However, when the Company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This categorisation is based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Financial assets and financial liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

c) Property, Plant and Equipment (PPE)

- i) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.
- ii) An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
- iii) The cost of an item of property, plant and equipment is measured at :
 - its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
 - any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
 - the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation which is to be incurred either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.
- iv) Expenditure incurred on renovation and modernization of PPE on completion of the originally estimated useful life resulting in increased life and/or efficiency of an existing asset, is added to the cost of the related asset. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- v) After initial recognition, PPE is carried at cost less accumulated depreciation/amortization and accumulated impairment losses, if any.
- vi) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as “stores & spares” forming part of the inventory.
- vii) If the cost of the replaced part or earlier inspection is not available, the estimated cost of similar new parts/ inspection is used as an indication of what the cost of the existing part/ inspection component was when the item was acquired or inspection carried out.
- viii) An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

d) Capital Work in Progress

- i) Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- ii) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under “Capital works in progress” and subsequently

allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.

- iii) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under "Capital work in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

e) Intangible Assets

- i) Intangible assets acquired separately are measured on initial recognition at cost. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.
- ii) Software (not being an integral part of the related hardware) acquired for internal use, is stated at cost of acquisition less accumulated amortisation and impairment losses, if any.
- iii) An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

f) Leases

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

g) Revenue recognition

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

- i) Revenue from sales of goods is recognised on output basis measured by units delivered, number of transactions etc.
- ii) Revenue from sales of goods is recognised at the point in time when control is transferred to the customer which coincides with the performance obligation under the contract with the customer.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends

Revenue is recognised when the company's right to receive payment is established, which is generally when shareholders approve the dividend.

Rendering of services

Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.

h) Depreciation on Property, Plant & Equipment and Amortization of Intangible Assets

- i) Depreciation on Property, Plant & Equipment is provided on Straight Line Method based on plant & machinery and factory shed & building. In case of other assets, it is provided on written down value method as per the estimated useful life of the assets which is same as envisaged in schedule II of the Companies Act, 2013 with the exception of the following:

- spares classified as plant and equipment are depreciated over 2 to 15 years based on the technical evaluation of useful life done by the management.

- assets costing Rs. 5,000 or less are fully depreciated in the year of purchase.

- ii) Depreciation on additions to/deductions from Property, Plant & Equipment during the year is charged on pro-rata basis from / up to the date on which the asset is available for use / disposal.
- iii) The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.
- iv) Where the life and / or efficiency of an asset is increased due to renovation and modernization, the expenditure thereon along with its unamortized depreciable amount is charged prospectively over the revised / remaining useful life determined by technical assessment.
- v) Spares parts procured alongwith Plant & Machinery or subsequently, which are capitalized and added in the carrying amount of such items, are depreciated over the residual useful life of the related plant and machinery or their useful life whichever is lower.
- vi) Leasehold land is amortised annually on the basis of tenure of lease period. Freehold land is not depreciated.
- vii) Other Intangible assets are amortized over technically useful life of the assets.

i) Inventories :

- i) Inventories are valued at lower of cost and net realizable value, after providing for obsolescences, if any.
- ii) Cost of Raw Materials, Stores & Spares, Work in Progress, Finished Goods and Stock-in-Trade are computed on Moving Average basis.
- iii) Cost of Work in Progress and Finished Goods includes direct materials, labour, conversion and proportion of manufacturing overheads incurred in bringing the inventories to their present location and condition.
- iv) The cost is determined using moving average cost formula and net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

j) Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

k) Income Taxes

Income tax expense represents the sum of current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income. In such cases tax are also recognised directly in equity or in other comprehensive income.

i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

l) Foreign Currency Transactions

- i) Transactions in foreign currency are initially recorded at exchange rate prevailing on the date of transaction. At each Balance Sheet date, monetary items denominated in foreign currency are translated at the exchange rates prevailing on that date.
- ii) Exchange differences arising on translation or settlement of monetary items are recognised as income or expenses in the period in which they arise in the Statement of Profit and loss.

m) Employee Benefits Expense

Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund and Contributory Pension Fund. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefits Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The company has recognized the gratuity payable to the employees as per the Payment of Gratuity Act, 1972 and Leave Encashment Benefits as defined benefit plans. The liability in respect of these benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

n) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the balance sheet date. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed on the basis of judgment of management. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are not recognized but are disclosed in the financial statements when inflow of economic benefits is probable.

o) Impairment of non-financial assets - property, plant and equipment and intangible assets

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

p) Share capital and share premium

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

q) Financial Instruments

i) Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement

Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

C. Equity Investments

All equity investments are measured at fair value through Other Comprehensive Income with value changes recognised therein.

D. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through OCI.

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

ii) Financial Liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

**B. Subsequent measurement**

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derivative financial instruments

The Company uses derivative financial instruments such as interest rate swaps and forward contracts to mitigate the risk of changes in interest rates and exchange rates. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

A. Cash flow hedge

The Company designates derivative contracts or non-derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

B. Fair Value Hedge

The Company designates derivative contracts or non-derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates and foreign exchange rates.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

r) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing shareholders.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) Dividend Distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the company's financial statements in the period in which the dividends are approved by the Company's shareholders.

t) Statement of Cash Flows

i) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. However, for Balance Sheet presentation, Bank overdrafts are classified within borrowings in current liabilities.

ii) Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant Accounting Standard.

u) Warranty provisions

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

3 KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation / amortisation and useful lives of property plant and equipment / intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. The estimated useful lives and residual values of the assets are reviewed annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes and other related matters. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

b) Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the period of overdues, the amount and timing of anticipated future payments and the probability of default.

c) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of resources resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

e) Measurement of defined benefit obligations

The measurement of defined benefit and other post-employment benefits obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

3.1 NEW AND AMENDED STANDARDS

During the year the company has not early adopted any standards, amendments that have been issued but are not yet effective/notified.

3.2 RECENT ACCOUNTING DEVELOPMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

As such, company litigation for recovery of differential amount along with damages and compensation is in process.

35. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Company's principal financial liabilities comprise of loans and borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, other financial assets, trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk
- Currency risk
- Price risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note presents information about the risks associated with its financial instruments, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

**Credit Risk**

The Company is exposed to credit risk as a result of the risk of counterparties non-performance or default on their obligations. The Company's exposure to credit risk primarily relates to investments, accounts receivable and cash and cash equivalents. The Company monitors and limits its exposure to credit risk on a continuous basis. The Company's credit risk associated with accounts receivable is primarily related to party not able to settle their obligation as agreed. To manage this the Company periodically reviews the financial reliability of its customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivables.

Trade receivables

Trade receivables represent the most significant exposure to credit risk and are stated after an allowance for impairment and expected credit loss.

Bank, Cash and cash equivalents

Bank, Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to cash. These are subject to insignificant risk of change in value or credit risk.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	<i>Amount in INR Lacs</i>

	2,685.58	2,185.38

No significant changes in estimation techniques or assumptions were made during the reporting period

**Liquidity risk**

The Company is exposed to liquidity risk related to its ability to fund its obligations as they become due. The Company monitors and manages its liquidity risk to ensure access to sufficient funds to meet operational and financial requirements. The Company has access to credit facilities and debt capital markets and monitors cash balances daily. In relation to the Company's liquidity risk, the Company's policy is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions as they fall due while minimizing finance costs, without incurring unacceptable losses or risking damage to the Company's reputation.

Maturities of financial liabilities

The contractual undiscounted cash flows of financial liabilities are as follows:

As at 31 March 2022	Less than 1 year	1-5 years		Total
			More than 5 years

Other financial liabilities	514.16	-	-	514.16
	7,739.84	3,040.48	16.32	10,796.64

Interest rate risk

Interest rate risk is the risk that an upward movement in the interest rate would adversely effect the borrowing cost of the company. The Company is exposed to long term and short-term borrowings. The Company manages interest rate risk by monitoring its mix of fixed and floating rate instruments, and taking action as necessary to maintain an appropriate balance.

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

a) Interest rate risk exposure

	31-Mar-22	31-Mar-21
Variable rate borrowings	3,530.85	4,360.79
Fixed rate borrowings	3,523.47	3,102.51

b) Sensitivity analysis

Profit or loss estimate to higher/lower interest rate expense from borrowings as a result of changes in interest rates.

	Impact on profit after tax	
	31-Mar-22	31-Mar-21
Interest rates - increase by 70 basis points	(24.72)	(30.69)
Interest rates - decrease by 70 basis points	24.72	30.69

**FOREX EXPOSURE RISK**

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly foreign currency cash flows.

The company does not have any long-term borrowings in foreign currency. However, short term borrowings have been hedged by the company including interest.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the hedge most of its currency exposure.

PRICE RISK:

The entity is exposed to equity price risk, which arises out from FVTOCI quoted equity shares and mutual funds. The management monitors the proportion of equity securities in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the management. The primary goal of the entity's investment strategy is to maximize investments returns.

Sensitivity Analysis for Price Risk:

Equity Investments carried at FVTOCI are listed on the stock exchange and in case of mutual funds NAV is available. For equity investments and mutual funds classified as at FVTOCI, the impact of a 2 % in the index at the reporting date on profit & loss would have been an increase of Rs.NIL lacs (2019-20: Rs.0.38 lacs); an equal change in the opposite direction would have decreased profit and loss.

CAPITAL MANAGEMENT

The Company's main objectives when managing capital are to:

- Ensure sufficient liquidity is available (either through cash and cash equivalents, investments or committed credit facilities) to meet the needs of the business;
- Ensure compliance with covenants related to its credit facilities; and

- Minimize finance costs while taking into consideration current and future industry, market and economic risks and conditions.
- Safeguard its ability to continue as a going concern
- To maintain an efficient mix of debt and equity funding thus achieving an optimal capital structure and cost of capital.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management of deployed funds and leveraging opportunities in domestic and international financial markets so as to maintain investor, creditor and market confidence and to sustain future development of the business.

For the purpose of Company's capital management, capital includes issued capital and all other equity reserves. The Company manages its capital structure in light of changes in the economic and regulatory environment and the requirements of the financial covenants.

The Company manages its capital on the basis of net debt to equity ratio which is net debt (total borrowings net of bank, cash and cash equivalents) divided by total equity

37 FINANCIAL INSTRUMENTS - ACCOUNTING CLASSIFICATIONS AND FAIR VALUE MEASUREMENTS

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short-term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 : other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3 : techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data
